Quality Made Custom Countertops

About Seams

One of the biggest concerns of home owners regarding granite countertop are seams. Most granite countertops will have a seam limitation of the granite slab size. With our experience and technology, we can program our CNC machine using a special tool to make the surface of the seam smooth. This reduces the gap to a minimum, making seams practically invisible. This and ensuring grain directions closely align is the visible or invisible mark of true quality.

Safeguarding

Canaan Stone Works is an authorized dealer of Protegere®. Ask us about safeguarding your stone to ensure best protection.

- 1 application to your countertops delivers guaranteed stain protection.
- 15 year warranty
- Up to \$4,000 replacement insurance
- Free Stain Removal

QUALITY | SERVICE | INSPIRATION

CANAAN STONE WORKS FOUNDATION OF SUCCESS

We deliver custom fabrication and installation of natural stone, quartz, green products and more. Our attention to detail and installation of your project is our top priority. We have extensive experience with the fabrication and installation of kitchen countertops, islands, vanities, fireplace mantels and commercial applications. Whether you are a homeowner, commercial builder or remodeler, we deliver the products and service to make your building project go just a little bit easier.

Quality & Service

Our team is trained and experienced in full service countertop fabrication and installation.

Our vision of service is carried through every aspect of our business. Our teams work closely with you to successfully direct you to the best surface material for your lifestyle. Your newly surfaced area is ready for you to use and enjoy within a short period of time. The quality of our work is evident in the praise of our customers.

The results, custom-made, beautiful countertops that will last a lifetime.

We offer:

- Free Estimates
- Custom Design
- Competitive Pricing
- Exceptional Craftsmanship

Canaan Stone Works' team services the entire Kansas City metro area.

Technology

Keeping up-to-date in an ever changing world provides both opportunity and challenge. In order to provide the best quality product at the most competitive rate, we continually evaluate and update our processes and equipment.

We use the latest state-of-the-art digital technology which allow us to not only deliver custom countertops, this also allows us to keep the disruption in your home, office or restaurant to a minimum.

- Laser template system allows us to measure and produce your new countertops without removing the existing tops.
- New countertops can be delivered in about 7 to 14 days after we make the template and confirm materials.
- Once your countertops have been fabricated in our shop, we can remove and install your new tops the same day.

Surface Material & Edge Options

Choosing the right countertop material is a significant decision and requires knowledge of each type of natural and engineered stone

We guide our customer through the different types of natural stone, quartz, and green products available providing input on the best surface material for their space. Many of these samples, including Caesarstone®, MSI Q Premium, Metro Quartz™, and Aurea Stone® can be viewed in our showroom.

We offer many choices for the edge treatment of your selected surface material. We can finish the edge with unique options that enhance your finished countertops.

Sinks & Faucets

The perfect sink and faucet is like the icing on a cake. It is the final touch, your own personal signature.

CSW offers a vast array of colors and styles of sinks and faucets. You are sure to find your perfect design. Whether for the kitchen, bathroom, home bar, laundry, or any space you can envision, we can guide you in finding the sink or faucet that meets your needs.

Our team plans the template for your countertop to fit the sink and faucet planned for your project.

We carry both Blanco® and Serenity® sinks and can guide you in picking the right faucet for your space.

You can view all of our sink options on our website, www.cswkc.net, or call us for more information.
